

## PAWS Animal Rescue Retaining Wall Sponsorship Commitment

In 2012, PAWS broke ground on its new beautiful facility. What a blessing this building has been! Unfortunately, for just as many years, we have seen a steep decline in the East yard; the main outdoor play area for the dogs in our care. A literal 6' decline – the yard is sliding into the ravine! Fundraising efforts have begun to raise the yard, build a retaining wall, and hopefully prevent further damage to the yard and building. The total cost of this project is \$40,000.

The renovation will provide a safer environment for the animals in our care. Our staff and volunteers will no longer need to carry hundreds of pounds of rocks by the bucket loads from the bottom to the top of the yard. Upon completion, we will be able to once again breathe easy that our facility is in the best shape possible to continue our mission.
